

MINI-BAR STROBE WARNING LIGHTS

9200S Series

Dual high intensity strobes are enhanced with twin internal v-mirrors. Durable polycarbonate domes resist UV deterioration. The ABS plastic bases make this lightweight and will not corrode. The circuit and strobe tube assemblies are fully encapsulated to guard against shock and vibration and are also easily field replaceable. Magnetic mount versions ship with attached cig plug with lighted on/off switch and vinyl pads for magnets to avoid scratching.

- Voltage: 12-24V DC
- Joules
 - o Double Flash: 11.25 joules
 - o Quad Flash: 17.5 joules
- Flash Rate
 - o Double Flash: 128 double-flash sequences per minute at 24 watts
 - o Quad Flash: 84 quad-flash sequences per minute at 24 watts
- Lens Color: Amber (also available in blue, clear, green and red)
- Mounting: Permanent Mount/Magnetic Mount w/ cigarette plug adapter

PART №	DESCRIPTION	QTY
STAR9200SA	12-24V DC Amber Double Flash	1
STAR9200SQA	12-24V DC Amber Quad Flash	1
STAR9200SMA	12-24V DC Amber Double Flash with Magnetic Mount	1
STAR9200SMQA	12-24V DC Amber Quad Flash with Magnetic Mount	1

MINI-BAR STROBE WARNING LIGHTS

9200H and 9200I Series

Both series are a compact, all-in-one package – with reliability and attention –getting power you need. Dual rotators are enhanced with a single wall mirror. Durable polycarbonate domes resist UV deterioration and are fully gasketed to protect against the elements. The ABS plastic bases make these lightweight and will not corrode. Patent pending shock mounted rotators with two sealed roller bearings provide quiet, smooth and maintenance-free operation and are available in standard speed (80fpm) or high speed (160fpm). Lock-and-stay bulbs are field replaceable.

- Voltage
 - o Halogen: 12-24V DC
 - o Incandescent: 12V DC
- Approvals: Halogen – SAE J845, Class 1 (Amber, Blue, Clear and Red only)
- Amp Draw
 - o Halogen: 8 amps at 12V DC
 - o Incandescent: 5.6 amps at 12V DC
- Flash Rate
 - o Standard: 80fpm (+/- 10) per rotator
 - o High Speed: 160fpm (+/- 10) per rotator
- Lens Color: Amber (also available in blue, clear, green, red and magenta)
- Mounting: Permanent Mount/Magnetic Mount with cigarette plug adapter

PART №	DESCRIPTION	QTY
STAR9200HA	12-24V DC Amber w/ Double Rotating 50 watt Halogen Bulb	1
STAR9200HMA	12-24V DC Amber w/ Double Rotating 50 watt Halogen Bulb & Magnetic Mount	1
STAR9200IA	12V DC Amber w/ Two 50 CP Incandescent Rotors	1
STAR9200IMQA	12V DC Amber w/ Two 50 CP Incandescent Rotors with Magnetic Mount	1
