

# THREADLOCKERS

## HIGH STRENGTH THREADLOCKER RED

- » For heavy duty applications 3/8" to 1"
- » Adds 3,000 PSI holding power on slip and press fit assemblies
- » Locks against vibration loosening
- » Well-suited for permanently locking studs and press fits
- » Replaces set screws and snap rings
- » Conforms to ASTM D5363 AN0221 (Mil-S-46163A, Type I, Grade K)
- » Suggested applications include automobile headlight screws, console assemblies, soundproofing, attachment screws, electrical component boxes, plastic knobs, hose fasteners, dashboard accessories, and more, motorcycle engine mounting bolts, heavy duty air start fresheners, suspension fasteners, shock absorber mounts, wheel studs, exhaust system mounts, bumper fasteners, marine cyclinder block studs, ring gear bolts, frame bolts, and shock bolts

## HIGH TEMPERATURE THREADLOCKER RED

- » Prevents bolts and press fits 3/8" to 1-1/2" from loosening due to shock, severe vibration, and heat stress
- » Exclusive formulation for newer engines and high performance applications that require extreme temperature resistance
- » Suited for temperatures up to 450°F (232°C)
- » Removable with heat and hand tools
- » Suggested applications include automobile camshaft sprocket bolts, crankshaft bolts, idler bearings, press fit filler tubes, transmission input and output shaft threads, ring gear or shock bolts, marine camshaft sprocket bolts, crankshaft bolts, idler bearings, press fit filler tubes, transmission input and output shaft threads, and ring gear bolts
