

CHAIN & CABLE PENETRATING OIL

DESCRIPTION

- » Designed for a multitude of lubrication, penetration, and cleansing applications
- » Penetrates the strands to lubricate and reduce friction between wire rope strands, and to lubricate and protect the inner core from rust and corrosion

ADVANTAGES

- » Will not produce a dry surface - maintains a moist film
- » Film will not pick up dust and dirt - acts as a cleansing agent

APPLICATIONS

- » Wire rope and shipyard Gantry cranes - exposed to very severe service, salt air, and salt water
- » General purpose lubricant for application on vending and sewing machines
- » Speedometer cable and housing - penetrates, creeps, and softens grease as well as lubricates
- » Control cables, latches, pins, etc., on concrete trucks - penetrates concrete and frees metal parts
- » Door locks - frees frozen door locks
- » Nut busting, prevents rusting
- » Penetrates and lubricates equipment components exposed to adverse conditions - salt, road grime, rust and corrosion, plus many other contaminants

Part No. LUBL0135-063
